Greetings from the President of the Royal Spanish Canoe Federation

Dear President,
Dear Secretary General,

La Seu d'Urgell will host in Parc Olímpic del Segre the final Slalom World Cup **from 4th to 10th September 2017**. On behalf of the Organizing Committee I express our gratitude to International Canoe Federation for selecting again this venue, to host the canoe slalom teams and the media partners. We shall work to fulfill our responsibilities and we will help in your stay with dedication to a nice and fair sport competition.

The Royal Spanish Canoe Federation invites the athletes and canoe teams to attend the ICF Slalom World Cup in La Seu d'Urgell. This First Newsletter will help to inform concerning the event and the travel and hospitality issues. For specific information please contact to the canoeslalomseu@parcolimpic.cat

I look forward to see you soon,

A handwritten signature in blue ink, appearing to be 'Juan José Román Mangas'. The signature is stylized and somewhat abstract, with a long horizontal stroke extending to the right.

Juan José Román Mangas
President of the Royal Spanish Canoe Federation
President of Organizing Committee

Facts about La Seu d'Urgell

The historic city of La Seu d'Urgell, on the Catalan Pyrenees, has a tradition of over 40 years organizing white water canoe competition events. The Olympic games of Barcelona 1992 was a landmark on this support of canoe slalom.

Later those memorable days that permitted slalom to be accepted on the Olympic programme, fifteen World Cup events and the World Championships 1999 and 2009 endorse the facilities on Parc Olímpic del Segre and the organizing team.

The **2017 Canoe Slalom World Cup, is going to be held from 4th to 10th of September**, is a new opportunity to give service to the slalom canoe family.

The challenge aims to improve technology on sport competitions, presence on media (especially TV), and worldwide promotion of canoe slalom through the participation over 50 national teams, and attract tourism in La Seu d'Urgell. The history on the old town, the mountain valley around Cadí-Moixeró Natural Park, and the local dedication to sport should be known.

In addition this occasion will keep active and financially healthy the Olympic facility of Park del Segre.

The World Cup is possible thanks to the support of institutions and sponsorships. On behalf of the organizing Committee we thank their help.

We trust on the contribution of the participant teams and we are ready to work for a fair competition and a happy stay in our country.

On behalf of ICF, RFEP, FCP and the Organizing Committee,

Welcome to the 2017 Canoe Slalom World Cup.

Parc Olímpic del Segre venue

The Parc Olímpic del Segre is constructed in a branch of the Segre river, which was re-channelled after the damage caused by the exceptional flood of 1982. The slalom course's specific features are as follows:

- Length: 300 m
- Drop: 6,5 m
- Flow: 12 m³/s
- Course features: concrete bottom, banks and obstacles of natural boulders
- Spectators capacity: 5.000 people

The Competition Course is accompanied by a beginners course which is 130 m long with a drop of 1,5 m. The designed flow ranges from 3 to 10 m³/s.

The design of the white water canals includes a system of complementary canals and mechanical conveyor belts which enable canoeists to return to their starting point without having to leave their boats. The dynamic conception of the whole facilities leads to intensive use all year round and separation of paddlers according to their levels of skill and ability.

The drop in the Slalom course is created naturally via channels that branch from the Segre river, with a very gentle slope. The feeder canal, 185 in length, and mainly the flat water canal, 650 m in length and 20 m in width, are set aside for training in flat water canoeing and the necessary practice that sport lovers require in waters with a steady current.

Extreme Canoe Slalom

Why extreme canoe slalom is developed?

- To welcome new athletes from other canoeing disciplines
- To provide a more accessible competition format
- To open more competition sessions on the Olympic venue
- To present a TV oriented and spectators' friendly competition (Easy to follow, spectacular, unpredictable or at least with a spectacular suspense)
- This format has to be easy to develop, easy to organise for National Federations.

When?

- 7th of September^h. From 15:30 to 16:30h.
Extreme Canoe Slalom Cross (CSLX) **Time trials** K1M – K1W
- 9th of September. From 15:30 to 16:45h
