

Report of Regional Competition Slalom Development Program 8th Arab Championships Khemisset, Morocco – 27th and 28th March 2017

Return the favor Programme

TIP Mathis Soudi (Morocco) teaching Slalom to Abdoul Kader Saban (Djibouti)

A. Presentation

For the second time, Morocco Canoe federation is organizing the Arab Canoe Obstacle Championships (first time 2014).

This competition was proposed to all paddlers from Africa present as several countries came to attend the Africa Canoe Sprint U23-Junior Championships 2017.

Arab Championships results were extracted from the Full results (see below D-Competition Results)

As the format used for the competition is similar to the YOG Canoe Slalom format, the slalom competition was the best time for paddlers to try and understand this special slalom format, for coaches and team leaders to ask questions and get some information about the World Qualification for YOG to be held in Barcelona.

An enthusiastic public made by athletes, team leaders and local people followed this competition. This success is mainly due to the points below:

- Proximity of the action: the competition is close from the bank (5 to 40m), so it is clearly visible by the spectators
- Only 2 competitors at the same time allows everyone to identify the winner
- Simplicity of the format (green buoys on right hand side, red buoys on left hand side)
- Swift releasing of results and progression to the next round of the competition

B. TIP: Return the Favor Programme

Following the work started years ago with the TIPs and ex-TIPs, the Return the Favor programme is aiming to involved the TIP athletes in the global development process: for their country or for the continent.

Here, we had 3 TIPs (Jamili Hind, Mathis Soudi, Issam Chakir) and a former "Development programme" athlete (Célia Jodar) spend 1,5 day teaching and coaching paddlers from different countries: EGY, DJI, CDI. Those 4 athletes are the National Slalom team for Morocco.

This programme, once again, shown the great benefit for the slalom development programme

C. Global organization of the races

- The race gathered 34 paddlers on 4 events (19 males, 15 females) spread on 4 events (K1M Junior and senior, K1W Junior and Senior)
- On the whole 7 countries attended the race.
- The equipment (paddles, slalom boats, spray-decks) were lent for free by the FRMCK
