- 5<sup>th</sup> place at 2014 Deep Creek World championships.
- Silver medal Junior Europeans championships

Personal Career:

- Industrial science and technologies high school certificate.
- Industrial maintenance certificate.

Reasons to be elected:

I have been on the international circuit for 8 years and have competed at the highest level. I have a very good knowledge of the discipline. I love my sport, and I want to make it better. I strongly believe I have the will to help improve the sport, and that I can be a good representative for the athletes, raise their concerns, their feedback and input. I am motivated to make the athlete committee a lot more active and interact directly with the athletes.
