Time zone: Central European Time (GMT +1 hour),
summer time (March-November: GMT + 2 hours)

Distances: Bratislava – Wien / Schwechat-Airport: 60 km
Bratislava – Budapest / Airport: 218 km

TRANSPORT

By car

Here you can access interactive Google Maps navigation: [Navigation map](#).

Bratislava is connected to neighbouring capitals by international multilane highways. Within Slovakia, the D1 motorway connects Bratislava to the east of the country and the D2 motorway connects Bratislava with Hungary to the south and the Czech Republic to the north. These roads are parts of international routes E58 (to Austria) and E65 (to Hungary and the Czech Republic).

By air

If you want to fly to Bratislava, you can choose between the city's own international airport and Schwechat airport in Vienna, which is about 60 km from Bratislava and connected by regular shuttle buses. Regular flights link these airports with many major European destinations.

Vienna International Airport (VIE)

www.viennaairport.com

Bratislava Airport (BTS)

www.airportbratislava.sk

By train

International trains to Bratislava's main railway station run from Vienna (1 hour), Budapest (3 hours), and Prague (4-5 hours) several times a day. There are less frequent direct connections to Berlin, Bucharest, Kiev, Moscow and Warsaw. The main railway station is a short distance from the centre and there is a regular tram connection; alternatively, walking takes 15-20 minutes.

Trains from Vienna also arrive at Bratislava–Petržalka Station, which is to the south of the city centre across the Danube River and has direct bus connection with the Venue (Public transport, Bus 90).

COMPETITION VENUE

The Venue is located in Bratislava – Čunovo, 20 km from the town center.

Whitewater Channel - course combination

The two main channels are interconnected several times thus providing several possible combinations of the drive track. The water difficulty levels range from WW II to IV; this difficulty levels can be regulated by flaps letting the water into channels. In the Čunovo channel there are 5 different types of tracks that can be modified and regulated. The combination of tracks 1 and 2 and the difficulty degree of WW III are the most used ones. At the ends of the channels there are two outputs mouthing directly to the Danube. In the natural channel, that is 255m long, 14m wide, and 1.2m deep, the water is calm. It serves to prepare the athletes before entering the main channel.

Left Course will be used for Qualification and for Semi-Finals & Finals.

Other Facilities at the Venue

Hotel Divoka Voda, Restaurant, Gym, Wellness

Accomodation and Meals at the venue

To order a meal at the venue, contact local venue operator:

GENERAL INFO

Immigration Visa

The HOC will assist in processing Immigration visa applications for all participants of the Championships. For this service please contact us at antolova@canoe.sk.

Further information can be found at www.foreign.gov.sk/en/home.

Medical Insurance

HOC kindly asks all participants of the World Cup to ensure medical insurance policy in their countries. All costs above the regular first aid and ambulance are to be covered by this medical insurance policy. HOC will not cover any expenses in connection with hospital or dental treatment.

Official Technical Video Service

During the competition days NO technical video signal will be provided.

The Chief Judge is the final arbiter on all judging matters. Since there is NO official television or official video of the event, he/she may avail himself/herself of the video footage brought by the teamleader no smaller than A4 format (210 × 297) in HD quality to assist in their determination of any relevant matter or protest.

First aid

Emergency medical services will be located in spectator's area near finish. This medical services will cover only emergency cases and all participants are responsible to arrange, at their cost, their own medical insurance policy.

Water safety

Rescuing in competition area during the competition days will be organized.
