ICF CARBON FOOTPRINTING

Please complete this simple [google form](https://forms.gle/Mw75d9nHYQSKKUzY9) at <https://forms.gle/Mw75d9nHYQSKKUzY9> to log again all travel details for yourself. If you do not fill this out ahead of time you will be asked to complete it before receiving the accreditation. To save time, please complete this beforehand.

Why we are asking for this information: Events release high levels of carbon dioxide emissions into the atmosphere. This imbalance of greenhouse gases [contributes to the warming](#) of the planet, causes drastic changes to our weather patterns and changes the way many of us live.

As Environmental Action partners, ICF and [Starboard](#) work together to make the travel emissions of every ICF World Championship or World Cup climate neutral by planting 1 mangrove tree for every 1 tonne identified in calculations. This action grows bigger for each SUP World Championship event, where 10 mangroves will be planted for every 1 tonne emitted. Over the next 20-25 years, mangroves will absorb the amount emitted from these events. Thank you for helping us in our mission!

UNIFORMS

You will be provided with two T-shirts, jacket, and shorts. We kindly ask you to wear the uniform during the whole time you will be working as a judge so the ITOs groups will look smart. 😊 You will get the uniform at the first ITOs meeting. Please mark your size of the uniform in the **questionnaire**.
