Key achievements:

- 50 countries and more than 700 athletes participating at the 2023 ICF SUP World Championships
- organizing high-quality events on 3 continents
- finalizing basic rules
- ITO seminar held on two continents

Strategic plans for future implementation:

- helping National Federations to develop stand up paddling from grassroots level
- developing TIP opportunities for athletes whose National Federation is not involved at ICF SUP events
- broadening the network of event organizers, approaching locations, where no ICF SUP competition has been held yet
- organizing World Ranking events on all five continents
- helping coaches from other disciplines to become SUP coaches as well
- developing ITO seminars to have professional people supervising ICF competitions
