D – FUTURE OF EXTREME CANOE SLALOM

- The ICF is **continuing to lobby** to have extreme canoe slalom included in the program of the 2024 Paris Olympics.
- The ICF discussed with IOC on the basis of an **addition of two medals** and the **principle to not have any effect on the existing canoe sprint and canoe slalom programs** (medals and quotas).

2019 – key season

- The success of the 2019 season is key in the IOC's analysis of potential additional events for Paris 2024.
- The IOC will attend, observe and analyse our 2019 season (both World Championships) to produce a final report about extreme canoe slalom.

- Big fields will underline the popularity of these events.
- ICF report about new events: **end of 2019, begin of 2020**
- Final decision by IOC: **December 2020**
