Canoe Sprint beyond 2024

Competition programme preparation

- The goal is to have the same events, same programme for the next 4-year period
- On junior/U23 level as well
- Before making a decision, the CSP Committee is going to look at the event participation statistics of the last two Olympic cycles: 2017-2024
 - 2020-2021 seasons are excluded
 - 2023 World Cup 3 (only Olympic events) and 2024 World Championships (only non-Olympic) are excluded from the graphs

Canoe Sprint beyond 2024

5000m

Boxes to tick:

- No additional quotas needed but the best athletes will be there
 - Proven track record (tried and tested event)
 - Even by a glimpse must look different than our other events
 - Minimal or zero additional cost to organise
 - Simple, easy to understand
 - Potentially new NOCs earn new medals
- +1 more and longer events in the same framework lead to more tickets sold

Canoe Sprint beyond 2024

New Sport Rules

- For junior/U23 World Championships only country code boat stickers will be required
- In crew boat the front paddler may remove his/her spray-skirt even if the others wear them
- In case of a tie on a progressing position, where there are not enough lanes available, there will be a re-race between the boats involved as soon as possible but not earlier than 60 minutes after the initial race. If a re-race can't be held due to exceptional circumstances, drawing of lots will determine the outcome. The decision will be made by the Chief Official.
- Athletes eliminated in the Heats, Quarterfinals and Semifinals will be ranked according to their results by time in the last completed phase.

New Sport Rules

- If there is a capsize the athlete or the crew is eliminated (DNF) from the race if they are not able to get in the boat **without assistance**;
- If a lapped athlete doesn't leave the course according to rules, a 50-Euro penalty fee will be imposed (in addition to DSQ)
- Missing a turning point buoy results in immediate disqualification
