2. Tasks undertaken for this period

- **Development activities**

After approval of the ICF Congress, Kosovo Canoe Federation is accepted and by the ECA Board as new member Federation. In cooperation with the ICF, ECA is continuing work on development of the sport activities within the Europe.

- **TV and Media**

All organised European Senior Championships in the Olympic disciplines in 2022 had high quality TV coverage and Livestream. Most of the other Championships have been seen on the Internet, too. Canoe events at the European Multisport Championships Munich 2022 were transmitted and out of Europe.

- **European Multisport Championships 2022**

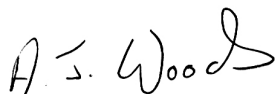

Participation to the European Multisport Championships Munich 2022 gave a new dimension to our sport. As full programme of the European Championships of the sprint canoeing and paracanoeing was in the programme of the European Multisport Championships Munich 2022, all of the best European Athletes had possibility to enjoy in high quality races with participation of the 37 European Federations. Due to positive opinions of all participants, ECA intends to continue the cooperation and to participate in the programme of the next EMC in 2026.

- **European Games Krakow 2023**

Canoe slalom will be part of the European Games Krakow 2023 with unlimited number of athletes with intention to be Continental qualification event for the OG Paris 2024. Canoe Sprint will be limited to 350 athletes and will count as the European Championships for 2023, but due to the facilities, there will be organised only 200 and 500 m races.
