

ICF PARTNERS
at
ICF COMPETITIONS

Introduction

ICF Official Partners are an important support for the development of the sport.

This document contains information for Host Organising Committees (HOC) on the rights and visibility of ICF partners at ICF Competitions.

The list of presence will be provided to the organizers from March. If this deadline is too short for you (for printing or layout purposes), please let the ICF know.

Other guidelines are available on the ICF website in the [Event Organisers area / Branding at venues / ICF Partners guidelines](#)

- ICF Look & Style guide: use of logo and terminology
- Advertising on Equipment: information about boat stickers and BIB (CSL)
- ICF Branding at venues: ICF branding requirements for ICF Competitions
- Various templates (boat stickers, award backdrops),...

ICF Official Manufacturer Partners

Accreditations

ICF Partners will be given free accreditations and space for equipment service in the athlete's area. The place and space sizes must be determined between HOC and the Partner well ahead the competition.

Accreditations will be created by the ICF Headquarters in the SDP system. HOC will print and provide them to partners on site.

Rental of commercial space

Partners can rent a commercial space to the HOC for selling their products at the venue (outside of athlete's area). Partners must contact HOCs for more details about rental and costs.

Partners logo / banners

Partners' logos/banners will need to be displayed at the venue. For the sake of consistency and image, it would be appreciated if Partners logo are included with the HOC banners plan. HOC must print and display banners with partners' logo in best exposure position. If not possible to produce them, the organizer must inform the ICF who will provide its own banners.

The list of ICF Partners presence and requested exposure will be provided to the HOC four months before the event. If this deadline is too short for you, please advise the ICF.

ICF Sponsors

The ICF reserves the right to appoint Sponsors to the ICF Events. In case an agreement is reached between the ICF and a Sponsor during the period between the signature of the Host Agreement and the Event, the ICF will include the NF in discussions to confirm any requirements of the ICF Sponsor. For any information regarding HOC/NF Sponsors, please refer to the event deliverable.
