Introduction

Message from the HOC

From 5th to 8th October, the Olympic Whitewater Stadium of Vaires sur Marne will welcome the 2023 ICF Canoe Slalom World Cup Final.

The town of Vaires sur Marne is happy to host for the first time in its history a World Cup which will also serve as a test event for the organization of the 2024 Olympic Games.

Feel free to join us to share together strong emotions and nice sensations through this exciting adventure!

The Organizing Committee

Introduction

Message from Jean ZOUNGRANA President of French Canoe Federation

France and more particularly the city of Vaires-sur-Marne are glad to welcome the 2023 ICF Canoe Slalom World Cup at the Olympic and Paralympic stadium of Île de France.

The French Federation of Canoe Kayak and Paddle Sports is delighted to host for the first time an international Canoe Slalom competition on the Olympic venue. This competition will serve as a test for the organization of the Olympic Games in 2024.

The Vaires-sur-Marne Organizing Committee will put its skills and know-how available for the organization of this competition. The organizing committee, as enthusiastic and passionate, will be there to make sure you have a great experience, as an athlete, member of a delegation, volunteer or spectator..

The organizing committee composed of the FFCK and local community have long experience of working in harmony and promises to deliver an unforgettable event. I want to thank all those involved for the trust given to the organizing committee.

I will be looking forward to welcoming you all between 5th and 8th of October to support and celebrate the athletes on their road to the podium.

Message from Thomas KONIETZKO President of International Canoe Federation

The opportunity to have a full International Canoe Federation canoe slalom world cup on the same venue where athletes will compete for Olympic gold next year is exciting for our sport.

After the disappointment and the uncertainty of the Tokyo Olympics, our canoeing community is itching to get back to life as normal in the lead-up to a Games. Holding a world cup and a test event at our exciting new Paris 2024 venue will set pulses racing.

We have been very fortunate in our canoe slalom history to have course designs which have provided great legacy for the local community, and opportunities for the wider canoeing family. We can be sure already that the canoe slalom venue at Vaires-sur-Marne Nautical Stadium will be a wonderful advertisement for our sport for many years to come.

Of course once our athletes arrive in Paris for this year's world cup nearly all of the quotas for next year's Games will have been allocated. The race will be on for the athletes to then earn selection to represent their National Federation at the Olympics.

It's going to set the scene for a gripping competition. And we have complete confidence our friends at the FFCK will put on a top show, working hand-in-hand with the Paris 2024 team and the ICF to host an event which will showcase all the thrilling aspects of canoe slalom and kayak cross.

On behalf of the ICF I wish all the teams and all the athletes the very best for this exciting event. Dreams will come true, others may be disappointed, but the important message is we provide a positive and exciting snapshot of how fantastic our sport is.

I wish all event organisers, volunteers, and the Paris community every success for this world cup and Olympic test event. We are very fortunate to have such a passionate and committed organising committee putting this competition together, and it fills me with confidence that this will truly be an event to remember.

Travel informations

By Plane
Several airports
1 international

Paris-Charles-de-Gaulle International Airport, located in Roissy-en-France, is the leading French airport, the 2nd European hub and 10th worldwide in terms of passengers.

More than a hundred airlines operate from Paris-Charles-de-Gaulle airport, serving around 330 destinations in nearly 120 countries.

The airport attracts international customers to the Seine-et-Marne department.

By train
Direct access to the cities

The department has 2 TGV stations at Roissy and Chessy. They provide direct access to train lines, RER and even to Roissy airport. These stations serve French and European destinations.

The Seine-et-Marne railway network has a total of more than 80 stations throughout the region, which are served by 4 RER lines (A, B, D, E) as well as 3 transiliens lines (K, P, R) with direct links to Paris.

By Car
A network developed
for all users

The road network in Seine-et-Marne reflects the good accessibility of the region and is the primary means of travel for users.

The main routes (215 km of motorways and 196 km of national roads), mainly directed towards Paris, are complemented by a fairly dense network that favours local services. Numerous inter-city bus lines provide public transport services in the area, particularly the 14 Seine-et-Marne Express lines.

Venue Course

The 80-hectare Vaires-sur-Marne lake was built in the late 1980s on the foundations of former quarries to host the 1991 Sprint World Cup.

Today, it will be the venue for the Olympic Games in 2024 and is also a beautiful green space where local people can come to walk and enjoy the associated sports facilities.

Major work has been carried out this year to bring the banks and markings up to the standards set by the Olympic Games organizing committee.

Athletes access to the competition site : PARKING (cf page 11)

The organizing committee asks each nation to come and deposit their material in the athletes' village (zone 4). This area will be secured throughout the competition. Boat racks will also be installed.

The nations' car will have to be parked on the parking at the entrance of the competition site (zone 8).

Public access to the competition site : PARKING/TICKETING

A parking area will be set up for the public on and around the competition site.

Access to the competition site is free for the public.

Technical aspects of the course

Competition course:

- Length: 300 meters

Entries & participation fee

Entries, accreditation and deadlines

Principles:

- Entries and accreditation requests must be made by the National Federation using the ICF's online

entries system (SDP):

<https://icf.msl.es/icf/icf.jsp>

- For detailed instructions on how to submit entries, please read the SDP user guide. Any questions or issues to entries or accreditation should be sent to sdp@canoeicf.com prior to the respective deadline.

SDP user guide

http://www.canoeicf.com/sites/default/files/nf_userguide_v2.2.pdf

Nominal entries:

- Nominal entries close: 24th September 2023
- Each athlete competing must be entered by name.
- Team personnel must also be submitted for accreditation at this time. These entries will be used to produce the accreditation cards for all teams.

Reminder:

- Entries or accreditation requests sent directly to the committee, or the competition organiser will NOT be accepted.

Insurance, Medical care and Anti-Doping Education Program

INSURANCE

All participants are strongly advised to take out a medical insurance policy in their respective countries.

MEDICAL CARE

The ambulance first aid will be available for all official participants of the 2023 ICF Canoe Slalom World Cup.

All cost above the regular care are to be covered by your medical insurance policy. The OC does not take responsibility of such expenses.

ANTI-DOPING EDUCATION PROGRAM

All athletes, coaches, and support personnel must have completed the relevant anti-doping online course on the WADA Anti-Doping Education Learning platform (ADEL) corresponding to their role.

The certificates showing completion should be sent by each National Federation to *suenatoli@gmail.com*. Previous certificates are still valid for this season. There is no need to repeat the program unless the persons role changes (e.g. athlete becoming coach)

Accreditations will not be issued until the certificates are marked off.

More information at: <https://www.canoeicf.com/anti-doping-education>.
